

Finally, a product has come along which can eliminate the number one problem faced by Fleet Managers – key control. Fleet Managers are tired of hearing that age old question, “Where are the keys?” The answer is Elante!

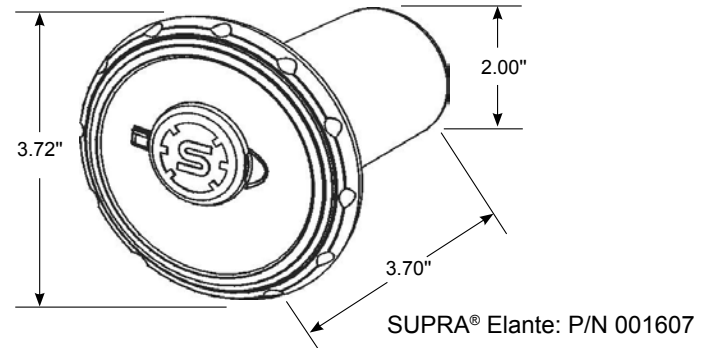

Elante is a solid metal key storage tube designed specifically for automotive fleet key applications. Designed with input from fleet managers and fleet maintenance

Features

- Concealed storage tube
- Exterior harmonizes with vehicle design
- White color matches most commercial and industrial fleets
- Large containment capacity
- Cast metal construction
- Exclusive keyway assigned to each fleet
- Excellent weather resistance
- Installs permanently in minutes

technicians, Elante permanently installs for secure and concealed ignition key storage.

Servicing vehicles is a job often made more difficult when the keys are not available. Whether serviced by in-house technicians or contract mechanic services, realize instant savings in time and efficiency through the installation of the Elante key storage tube.

Elante Keeps Your Keys Where They're Needed
