

Supra KeyAdvantage:

Ed Bozarth Uses KeyAdvantage to Eliminate Lost Keys!

“Our sales have increased... and our lost key problems are gone!”

“Both Ed Bozarth dealerships have installed KeyAdvantage to manage our keys, and help increase sales. We have the advantage of being able to quickly access any vehicle on the lot for our customers and not leave them waiting. Moving inventory is now so simple which helps with promotions and snow removal.”

“Our biggest surprise is that our lost key problems are now gone! We use to run keys back and forth to the showroom, increasing the chance that a key ended up on a desk or in someone’s pocket at the end of the day. We were spending several hundred dollars a month re-cutting keys. Keys are no longer lost in the shuffle, and that expense has disappeared.”
