350 KeyAdvantage KeyBoxes
12 users
2 locations
System implemented in 2007

“KeyAdvantage has been an invaluable tool for us. It has increased our sales as well as our staff productivity. We have saved a lot from not losing and

misplacing keys and always have the key at the right time. With two locations on opposite sides of the island, KeyAdvantage has made it easy to manage inventory and account for the vehicles.

Despite the bad weather conditions with lots of rain, salt, and sun, we have had minimal issues over the years.

The KeyAdvantage system is a super product and superior to your competition. We are VERY HAPPY with KeyAdvantage and have ordered more boxes!”
