

How to *Open a TRACcess BT Smart Device* using older Apple® Products

For Supra-Hosted Customers

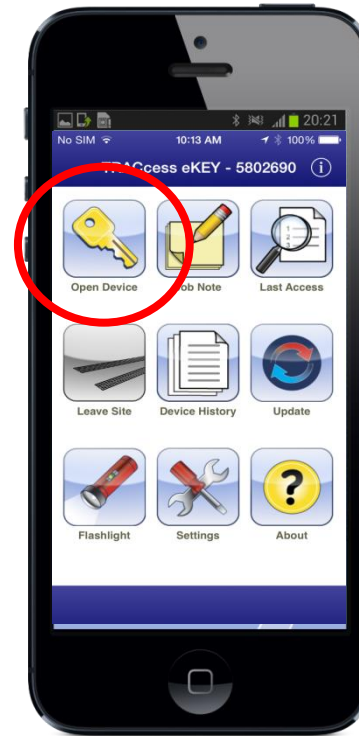

iPhone® 4, 3GS, & iPad® 2

Pair the Fob

1. Read and follow the manufacturer's instructions on *How to pair devices* for your specific phone or tablet.
2. Select the fob name to pair (example: SUPRA-KBS8).

1. In the TRACcess® eKEY® app, tap **Open Device**.
2. Type in the PIN Code.
3. Type in the Access Code if required.
4. Tap **Begin**.
5. For TRAC-Lock and TRAC-Lid (TRAC-Vault) devices only, press the button to turn it on. For TRAC-Box devices, skip this step.
6. Turn on the Supra eKEY Fob and point it at the TRACcess device.
7. Open the TRACcess device.

1. Tap Open Device.

Tip: On some phones, the first time a keybox is accessed the pairing alert pops up to accept the pairing. Enter 0000 for the passcode.
