

# Supra One Platform

**A completely transformed Supra system:  
The power of one platform**

The Supra One platform is a reimagined experience that provides the smartest tools and tech for organizations, brokerages, and agents. It delivers streamlined real estate processes in a one-stop shop to enable best-in-class service in the home buying and selling process – now and into the future.

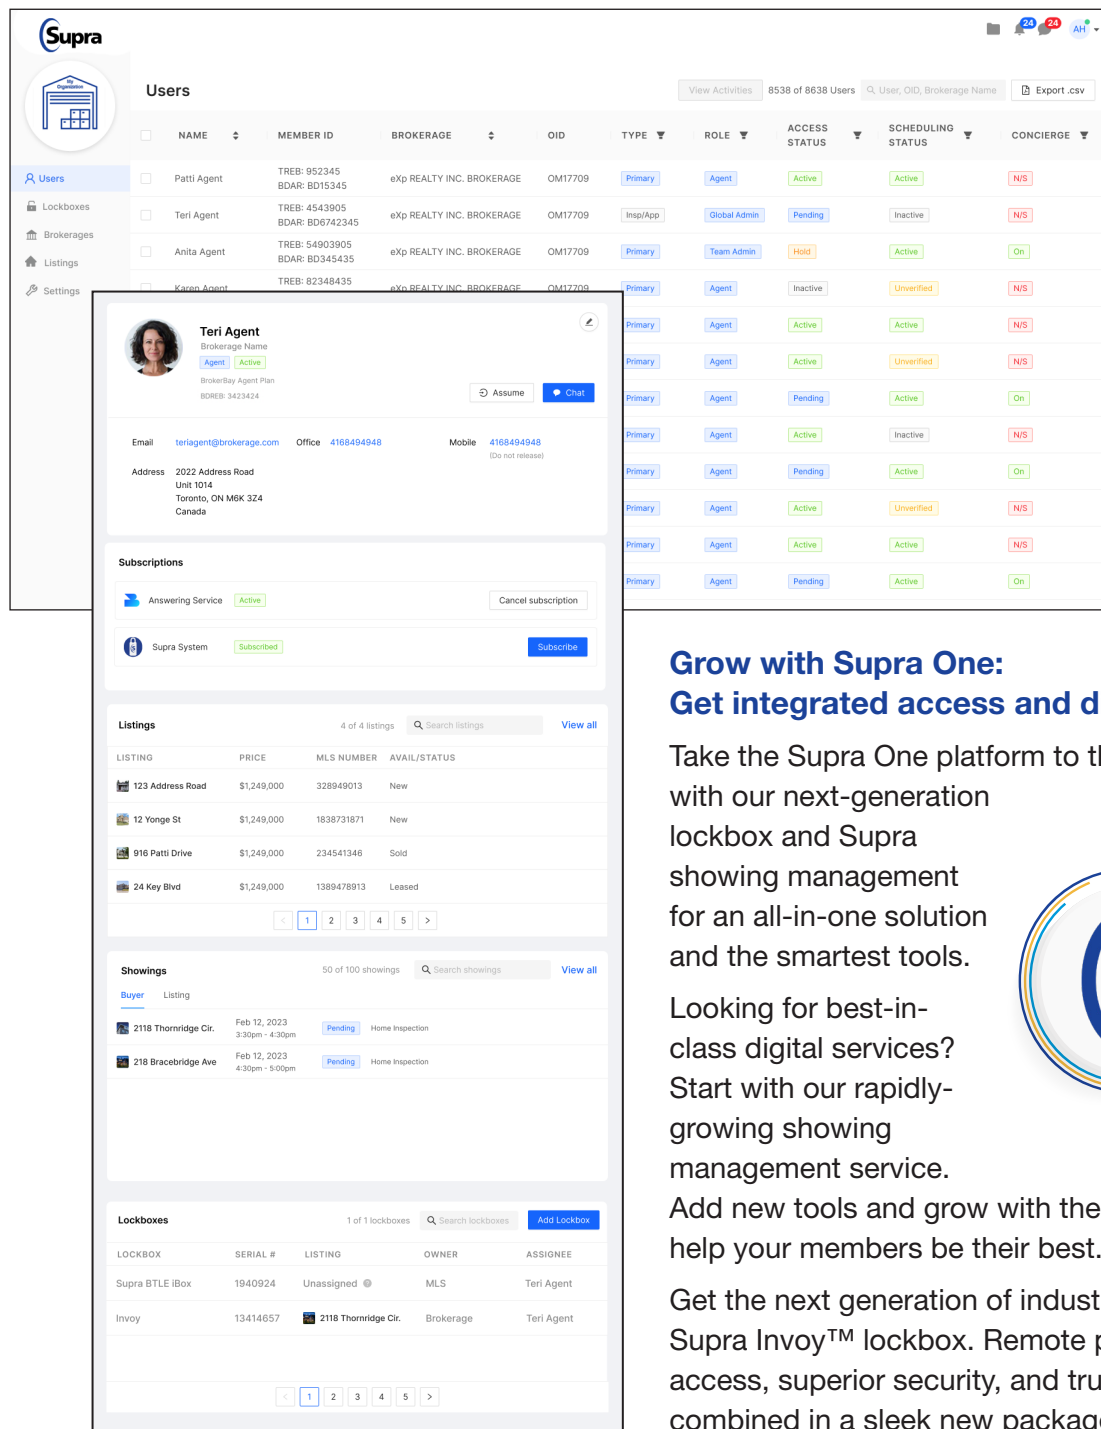

**One convenient home seamlessly integrates access with showing management, plus more digital services to grow with you.**

- **Easy user management simplifies tasks** – view information the way you want to see it, on one screen, and search on any field or filter columns.
- **Simplified mobile key signup streamlines new subscriptions** – offer flexibility of self-serve convenience or white-glove service for activations.
- **Quick lockbox assignment saves time** – use a barcode scanner on box or carton, great for distributing multiple lockboxes.
- **Tools keep you connected** – simply “assume” any agent or office in the system to provide support. Use one-click chat to message any staff, agent, or broker in your organization.

## **Member services will never be the same**

The Supra One platform provides a whole new administrator system. It's built to greatly reduce staff time – from new member setup to lockbox assignments and reporting. Enjoy a modern, intuitive experience designed to enhance your workflows and ease administrative burdens.

- **Enhanced reporting provides insights in a snap** – easily build custom reports by selecting and filtering on any column and details, then quickly export to csv format.
- **Seamless cooperation with other organizations** – easily find and manage cooperating keys and lockboxes, plus see agent status at a glance.
- **Flexible managed access options offer ultimate convenience and accountability** – non-member agent plus several key types for inspectors, contractors, stagers, and more.
- **Elevated system performance delivers speed and security** – the platform is built on a modern foundation to ensure reliability, while adhering to robust cybersecurity standards.

The screenshot displays the Supra One Platform interface. On the left, a sidebar contains navigation icons for Users, Lockboxes, Brokerages, Listings, and Settings. The main content area is titled 'Users' and shows a list of users with columns for NAME, MEMBER ID, BROKERAGE, OID, TYPE, ROLE, ACCESS STATUS, SCHEDULING STATUS, and CONCIERGE. A user profile for 'Teri Agent' is highlighted, showing details such as Email (teriagent@brokerage.com), Office (4168494948), Mobile (4168494948), Address (2022 Address Road, Unit 1014, Toronto, ON M6K 3Z4, Canada), and Subscriptions (Answering Service, Supra System). Below the profile, there are sections for Listings (4 of 4 listings) and Showings (50 of 100 showings). The Listings section shows a table with columns for LISTING, PRICE, MLS NUMBER, and AVAIL/STATUS. The Showings section shows a table with columns for Listing, Date, Time, and Status. The Lockboxes section shows a table with columns for LOCKBOX, SERIAL #, LISTING, OWNER, and ASSIGNEE.

**Tailor the user view to your needs and search on any field or filter columns**
